Essential Resources

These are a few essential resources I recommend for friends and ministers. I would highly recommend these resources for anyone who wants or needs to do some business online. These are really helpful and I have used them all. Some of them are free and some are paid, but reasonable. They are essential tools to have in your own personal ministers income toolkit.

I am also including some resources that I have created and used for my wedding ministry. I am providing them for you to use.

You will also find some of my favorite motivational and educational resources and websites. Anyone who is planning on making some extra income for their family online, will need some encouragement, motivation, and training. These are practical and encouraging sites you will really love.

Feel free to email this page to a friend or even post it on your own website.

Blessings,

17 Ways To Look and Feel Younger in 30 Days: Most people believe that sags, bags, and wrinkles are inevitable as you grow older - they are not! Many people choose to temporarily side-step these signs of aging with plastic surgery, chemical peels, Botox injections, or laser treatments. The good news is that by making a few simple modifications to your lifestyle you can prevent and even reverse many of the signs of aging - and results can be seen in a matter of just a few days.

Resources for Pre-Marriage Counseling

Books on Marriage: There are so many good resources today. Take advantage of them. Life is a continual learning process. We have to constantly learn new facts and skills on our jobs and in other relationships. Marriage is our most important earthly relationship and we all have much to learn. Invest in resources (books, CD's, retreats, seminars, etc.) that will help you develop the best relationship possible. Make the rest of your life the best of your life.

<u>Strike the Original Match</u>	Chuck Swindoll	Basics of Marriage
<u>The Act of Marriage</u>	Tim LaHaye	Sex within Marriage
<u>The Five Love Languages</u>	Gary Chapman	Relationships
<u>His Needs, Her Needs</u>	Willard Harley, Jr.	Relationships
<u>Personality Plus</u>	by Florence Littauer	Understanding personalities

Notes:

I like to use a couple of surveys with the couples I counsel. I use the Personality Plus survey by Florence Littauer. It helps to identify their personality type as Perfect Melancholy, Powerful Choleric, Peaceful Phlegmatic, or Popular Sanguine. The survey tool also describes the personality types in a fun and descriptive way. I use part of one session to go over their results and tell them some of the communication issues they have as a result of their unique personalities. You can get the **Wired That Way Assessment Tool** by going to http://classervices.com/shopsite_sc/store/html/page1.html They are about \$1.00 each.

I also like to use a survey developed by Dr. Norman Wright, **Family History Analysis**, which compares the different family backgrounds. It is extremely helpful and eye-opening. It pinpoints different areas in the marriage where there may be conflict so they can be worked on ahead of time, or at least brings the issue to the surface for future reference. You can find it at <http://www.hnormanwright.com/> They are about \$1.00 each.
